

**THE ONE GREAT POSSESSION**  
Without It We Are Poor Indeed  
Continued or additional prosperity means little to the man or woman in poor health. To enjoy material advantages one must feel and breathe the joy of living atmosphere that envelops the well and hearty—good health is the greatest prize of all.  
To run down men and women who suffer from nervous indigestion and loss of sleep, we suggest Johann Hoff's Malt Extract with meals. This remarkable body nourisher imparts a flavor to food that is indescribable, creates appetite and induces refreshing slumber. It soothes the nerves and quickly regulates digestion.  
Johann Hoff's Malt is particularly beneficial to anemic women and sickly children as it builds up the system and makes flesh and blood.

## GERMANY TO INVESTIGATE SINKING OF THE MARINA

American Embassy in Berlin Is So Informed—Delay in Lusitania Case.

WASHINGTON, Nov. 10.—Germany has informed the American Embassy in Berlin that the sinking of the British steamer Marina on Oct. 28, with the loss of the lives of six American horse tenders, will be thoroughly investigated as soon as submarines operating on that date have reported, according to confidential advices received here today from Berlin.  
Possibility of still further delay in the settlement of the Lusitania case was admitted at the State Department today, because of the torpedoing of this vessel, the American steamer Lango and the British steamer Hovenora, which had Americans in their crew.

## BATTLE FOR DANUBE BRIDGE RAGES AS RUSSIANS STRIKE TEUTONS UNDER MACKENSEN

Czar's Troops Are Now Two Miles from Tchernavoda, Says Petrograd.

ROUMANIAN REVERSE  
Driven Back on Transylvania by the Invading Austro-Germans.

PETROGRAD, Nov. 10.—Russian troops are now two miles west of Tchernavoda, fighting for the famous bridge across the Danube, the War Office announced today in its report on the campaign in Dobruja.  
After sharp fighting against the forces under Gen. Mackensen the Russians occupied Dunareav, taking a number of prisoners.  
"At Skrobov seven enemy onslaughts on our lines were repulsed," the statement continued. "Afterward our troops attacked and compelled the enemy to fall back on their second line of trenches, despite use of flame projectors by him."  
On the Transylvanian front the Roumanians have suffered a reverse at

the hands of the invading Austro-German forces. They were driven four versts (about two and a half miles) southward in the region west of Bureu Valley, Roumanian troops undertook an enveloping offensive movement in the direction of Predal.  
BERLIN, Nov. 10 (via London).—Austro-German troops have made fresh progress against the Roumanians in the Predal sector, south of the Transylvanian border, the War Office announced today, and repulsed Roumanian counter-attacks. Teutonic successes in the Alt region on this front also are reported.  
In the Predal operations 188 prisoners and four machine guns were captured from the Roumanians, and on the Danube the capture by monitors of two Roumanian craft loaded with petroleum is announced.  
The report on the Dobruja front states that no events of importance have occurred.

**Roumanian Reports Violent Fighting in Prachova Valley.**  
BUCHAREST, Nov. 10.—Heavy fighting is under way on the Transylvanian front, but no important changes in the military situation are reported in today's announcement from the War Office. The statement follows:  
"In the Prachova Valley violent fighting is under way all along our left wing. Artillery action is in progress in the region of Dracovale. Fighting continued on the left bank of the Alt. The situation is unchanged in the Jiu Valley and at Arava."  
Along the Danube there was an artillery bombardment. An enemy monitor and two patrol boats, which approached the Hamadin bridge at Giurgevo, were obliged to retire as a result of our artillery fire.

## STOMACH MEDICINES ARE DANGEROUS

DOCTORS NOW ADVISE MAGNESIA.

Just how dangerous it is to indiscriminately dose the stomach with drugs and medicines is often not realized until too late. It seems so simple to swallow a dose of soda, peppermint, bismuth, etc., after meals, and the folly of this druging is not apparent until, perhaps years afterward, when it is found that gastric ulcers have almost eaten their way through the stomach wall. Heartburn, flatulence, etc., indicates excessive acidity of the stomach, and fermentation of food contents that presumes should be taken. Drugs and medicines are unobtainable and often dangerous—they have little or no influence upon the harmful acid, and that is why doctors are discarding them and advising sufferers from indigestion and stomach trouble to get rid of the dangerous acid and keep the food contents bland and sweet by taking a little pure Magnesia. It is an absolutely pure antacid which can be readily obtained from any drug store. It is absolutely harmless, is practically tasteless, and a teaspoonful taken in a little warm or cold water, after meals, will usually be found quite sufficient to instantly neutralize excessive acidity of the stomach and prevent all possibility of the food fermenting.—Advt.

Bulgaria Announces Encounters in Dobruja.

SOFIA, Thursday, Nov. 9 (via London, Nov. 10).—There were small encounters between advanced Bulgarian detachments and Roumanian and Russian forces in Dobruja yesterday, says an official statement issued by the Bulgarian War Department today.

## CURB BETS HELD UP FOR OFFICIAL DATA ON GENERAL RESULT

(Continued from First Page.)

of Texas, who is interested in various financial enterprises.

The heaviest backer of Hughes in Wall Street is reported to have been E. E. Smathers, broker, and in the uptown Waldorf betting, John A. Drake of Chicago.

Mr. Doheny had confidence in Wilson's success and backed him steadily. Curb market gossip is to the effect that his winnings will be between \$200,000 and \$300,000.

At the Waldorf an estimate of \$100,000 is placed on the winnings of former Gov. Hoag.

In the gossip of Wall Street one of the largest winners on President Wilson was Bernard M. Haruch, head of the firm of Haruch Brothers, Brokers. Although the campaign he has been an enthusiastic supporter of the President.

Despite persistent reports of heavy wagers laid and won, amounting to more than \$200,000, Mr. Haruch said today they were entirely erroneous, as he had not wagered a dollar on the result of the election.

**WESTERN BETTERS AMONG THE HEAVIEST LOSERS.**

Among the heavy losers in Wall Street betting are a number of stock market operators living in Chicago, Kansas City, San Francisco and Seattle. These men have made large amounts of money in the stock market during the past year and have sent large commissions over brokerage private wires to New York to be paid on Hughes.

They were the heaviest players on the Republican side during the last week before election, when old-time New Yorkers had grown cautious.

It was Western money that kept the odds in favor of Hughes up to election day. Names of those players could not be given today in Wall Street, as all their bets had been placed with Stock Exchange houses and passed on to Curb betting-commissioners for laying, without names, but merely for account of the brokerage houses.

Waldorf commissioners also announced that the bets aggregating close to \$200,000, will not be paid for another day at least. Bets totalling \$150,000 on the results in New York and Ohio were paid today.

On the day previous to election John A. Drake bet \$100,000 at even money on Hughes with Claude Meeker, a Columbus, O., banker, after a long minutes' conversation over the long-distance telephone.

Brokers at the Waldorf claim that the ten to six odds on Wilson quoted on the curb Wednesday and Thursday morning were "fixed." Rex Rickard, who as a betting commissioner placed more than \$200,000, rushed to Wall Street upon reading the odds, but could not find any more money. The best he could get, and very little at that, was at 10 to 7. Men from all over the world sent large sums of money to Rickard to place at the best possible odds. Rickard is also a winner on the Wilson victory.

Peter Bach, "the wall paper king," is reported to have more than \$200,000 by the defeat of Hughes. He bet everybody to a standstill in the vicinity of the Lion Palace. George Ehrlich won \$100,000 he had on Wilson at varying odds.

Oris Waterbrook gathered \$2,500 "Pony" Wamser picked up \$1,200, "Jack" Lyons, Republican leader of the Thirty-first Assembly District, lost a heavy loss. He began to lay a bet on Hughes early in the campaign.

## TEN GERMAN AEROS SHOT DOWN, SAYS PARIS

One Fokker Included Among the Victims of Seventy-Seven Air Battles.

PARIS, Nov. 10.—Seventy-seven aerial combats were fought on the French front yesterday. The War Office reports that in these encounters, a Fokker and nine other German airplanes were brought down.

The text of the French statement says:  
"There was great aviation activity yesterday. Our airplanes were engaged in seventy-seven fights. In the course of these a Fokker biplane was brought down within our lines near Auberville. A Rumpier was forced to descend near Saint Hilaire le Grand and the two aviators made prisoner. Another machine was certainly brought down and seven fell in the German lines on the Somme."  
"Our bombing squadrons dropped more than 700 bombs on communica-

tions and communications behind the front, especially on the railway stations of Lens and Valenciennes."  
"Bombs to the number of 270 were dropped on blast furnaces at Aulange, near Thionville, on the aerodrome at Dieuze, on the railway station at Courcelles-Sur-Nied and on aircraft sheds at Evancey."  
"There was an intermittent cannonade on the Somme and skirmishes at different points along the front."

## BAIL BOND FORFEITED.

Indicted Lawyer "Faked" Suicide.

Judge Delahanty, in General Sessions today, on the application of Assistant District Attorney Frederick Sullivan, declared forfeited the \$1,000 bail bond given by Richard Grant of No. 35 Tenth Avenue, for the appearance of N. Henry W. Schutt, lawyer, of No. 30 Church street, indicted Oct. 16 for grand larceny.  
Schutt disappeared and his coat and vest were found on a Hudson River steamboat.  
Mr. Sullivan told Judge Delahanty investigation had convinced him Schutt had not committed suicide, but had placed his clothes on the dock of the ferry boat as a blind.

## REICHSTAG SOCIALIST IN PEACE LEAGUE PLEA

Says It Is Important the Chancellor Didn't Mention the Annexation of Belgium.

BERLIN (via Sayville), Nov. 10.—The speech of Chancellor von Bethmann-Hollweg before the Reichstag Main Committee yesterday, in which he announced Germany's willingness, under certain conditions, to co-operate in efforts to form an international league of peace after the war, was followed today by a debate on the Chancellor's remarks.  
In the course of this discussion a member of the Socialist Party said that in all countries the idea that there should be an end to war was gaining ground.  
It was an important point, the Socialist member continued, that the Chancellor never had spoken of the annexation of Belgium as essential. It would be of advantage if Germany should take the lead in a coalition for the prevention of war, he added.

## How To Get Rid Of Catarrh, Catarrhal Deafness or Head Noises

If you have catarrh, catarrhal deafness or head noises caused by catarrh, or if phlegm drops in your throat, and has caused catarrh of the stomach or bowels, you will be glad to know that these distressing symptoms can be entirely overcome in many instances by the following remedy, which you can easily prepare in your own home at little cost. Secure from your druggist 1 ounce of Peppermint (Double Strength). This will not cost you more than 25c. Take this home and add to it 1 pint of hot water and 4 ounces of graduated sugar; stir until dissolved. Take one tablespoonful four times a day. A decided improvement is sometimes noted after the first day's treatment. Breathing becomes easy, while the distressing head noises, headache, dizziness, cloudy thinking, etc., gradually disappear under the tonic action of the treatment. Loss of smell, taste, defective hearing and other symptoms which suggest the presence of catarrh, and which are often overcome by this efficacious treatment. Nearly ninety per cent. of all ear troubles are said to be directly caused by catarrh, therefore there must be many people whose hearing can be restored by this simple home treatment.—Advt.
